## SEPARATORS AND DIVIDERS

**Separators**

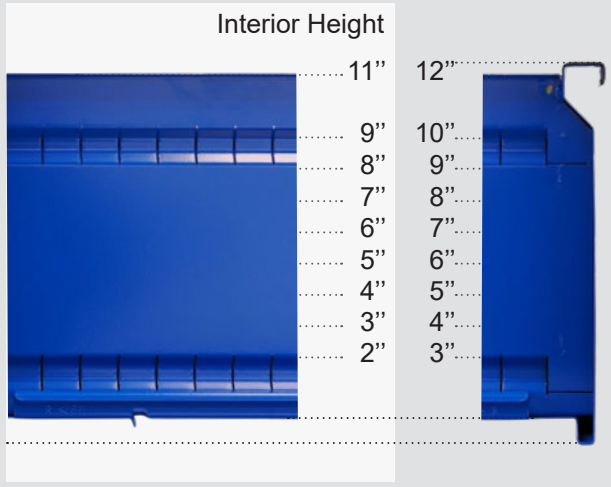

To select the appropriate divider for your drawer, refer to the drawer’s nominal dimensions (*width and depth*).

*Our product references indicate divider compatibility with specific drawers, rather than the exact dimensions of the product.*

**Dividers**

To select the appropriate divider for your drawer, refer to the exterior height of the drawer front.

*Our product references indicate divider compatibility with specific drawers, rather than the exact dimensions of the product.*

We use the exterior height of the drawer front to determine the height.
